PROJECTS

Image Gallery Website *HTML and CSS* MichaelLithander.github.io (preview of website in the form of a GIF is available on my Online Portfolio)

The first website I ever made which was an image gallery website utilizing only HTML and CSS.

My Business Card *Photoshop, Blender* MichaelLithander.github.io (preview of both sides of the business card is available on my Online Portfolio)

A business card I made where I implemented 3D models of my work to demonstrate my capabilities in design and 3D-modelling.
